a little
about me

- I'm a playful, confident, friendly, independent, affectionate, a little lazy and a loving boy that can be a goofball at times.
- I love meeting new people and will do anything for a neck scratchy and treats.
- I'm energetic in the morning and then happy to sleep for the rest of the day. I do tire quickly on walks or after a very quick zoom.
- When first going out for walks I may pull but I settle quickly and will walk nicely on lead.
- I'm good around dogs of all sizes.
- I'm still learning spatial awareness and will jump, run into things and knock things over without being aware i've done it. Silly me.
- I can live as an only dog or with a doggy friend of any size.
- I can live in an apartment or a small yard. I am still learning how to tackle stairs.
- I've been termed the lovable goofball as I'm sweet and loving.
- Children 8+ years old.
